WORK EXPERIENCE

Nudge Money

New York, USA

Front-End Developer

August 2023 – Present

- Participated with the backend developer to design and develop the main website for the company ensuring responsive design, cross-browser compatibility. Increased the performance of the website by 30% on desktop and 20% on mobile devices.
- Leveraged GSAP and Framer Motion libraries to craft intricate animations, ensuring smooth performance across various browsers and devices. Optimized performance by employing efficient animation techniques, minimizing load times while maximizing visual impact.
- Handled the integration of a headless CMS system using Sanity.io, enabling efficient content management and the creation of a dynamic blog section on the company's website.

Upwork

Alexandria, Egypt

Freelance Web Developer

January 2023 – August 2023

- Leveraged GSAP to meticulously clone and refine a website, implementing precise animations. Strategically optimized the site's performance, resulting in a remarkable 70% increase in website traffic.
- Successfully developed and launched a custom animated website in collaboration with a graphic designer, resulting in a significant 20% increase in SEO ranking and a notable 13% improvement in website performance metrics, including site speed and efficiency, enhancing online visibility and user experience.
- Developed a bespoke Content Management System (CMS) for an NFT website utilizing Next.js for frontend development and integrating Supabase backend services. Implemented robust features for content management, user authentication, and data storage.

ORKA Solutions

Tallinn, Estonia

Full-Stack Web Developer

April 2022 – January 2023

- Collaborated with the team to develop and maintain the company's website, ensuring a visually appealing and user-friendly experience. Including responsive design, cross-browser compatibility, and accessibility standards.
- Designed and developed an MVP for the Instaprint Mobile Application with a team of marketers. Implemented key features and functionality, ensuring seamless integration with backend services.
- Assisted and mentored web developers and interns, providing guidance and support in their projects and helping them enhance their technical skills. Conducted training sessions and workshops on Front-End development topics, sharing industry trends and best practices.

LEADERSHIP EXPERIENCE

Victoria College

Alexandria, Egypt

Mathematical Instructor

April 2020 – Apr 2022

- Collaborated with a team of over 20 Mathematics professors to develop comprehensive lesson plans and curriculum materials. Mentored +300 students in various mathematical concepts, fostering a supportive learning environment and promoting academic success.
- Utilized innovative teaching methods to engage students and enhance their understanding of complex mathematical concepts, resulting in improved grades and academic performance.

EDUCATION
